FLOWERING CRABS: Group 1, Branched — —

	Per 10	Per 100
3-4 ft., not B&B	\$.60	\$.55
4-5 ft., not B&B	.80	.75
5-6 ft., not B&B	1.25	1.00
6-8 ft., not B&B	2.50	2.25
8-10 ft., not B&B	4.00	3.75

Varieties:

- ALAMEDA -- Single flowers are red in bud, fading to pink in blossom. Foliage is greenish-silver.
- ATROSANGUINEA -- Carmine buds and flowers fade to pale pink. Fruit is yellow to reddish and foliage is very dense, glossy green.
- DOLGO -- This variety has single, fragrant, white blossoms; bright red fruit; and is resistant to fire blight. The foliage is dense and the fruit makes excellent jelly.
- ELEYI -- Early, single, purplish-red flowers; purplish-red fruit; and dark reddish foliage.
- FLORIBUNDA -- Single, fragrant flowers open deep pink and gradually fade to white. Fruit is yellow and sometimes brownish and foliage is green.
- FLORIBUNDA PURPUREA -- Bronze foliage; single, purplish-red flowers and purplish-red fruit.
- GENEVA -- Single flowers are purplish-red and the red fruit has excellent flavor and jelly making qualities.
- GLORIOSA -- Single, purplish-red flowers; dark reddish foliage; and bright red fruit.
- HOPA -- Carmine buds and flowers fade to soft pink. The foliage is dark reddish in color and the fruit is bright red.
- RED SILVER -- Single, purplish-red flowers; purplish-red fruit; and dense, reddish-green foliage.
- SCHEIDECKERI -- This upright grower with dense foliage has semi-double, pale pink flowers and yellow to orange fruit.

5-6 ft., not B&B	1.75	1.60
6-8 ft., not B&B	2.50	2.25

Varieties:

- ALMEY -- Brilliant carmine buds and flowers and orange to bright red fruits retained most of the winter are characteristics that mark this variety which is resistant to fire blight.
- ARROW -- Dark reddish foliage; single purplish-red flowers; purplish-red fruit.
- KLEHM'S IMPROVED BECHTEL -- Double pink flowers and green fruit. Foliage may turn red or orange in autumn.
- MAKAMIK -- Single, China-rose flowers; purplish-red fruit; early annual bloomer; and dense reddish foliage.

CORNUS FLORIDA ALBA PLENA (Double Flowering White Dogwood) -- In the Spring, double white blossoms are backed with green foliage. The tree has a spreading habit of growth and the foliage turns red in the fall. Very dependable for setting bloom buds.

CORNUS FLORIDA RUBRA (Pink Flowering Dogwood) -- Flowers appear in early spring prior to the leaves and the deep pink blossoms fade to a soft pink. In the fall, the foliage turns bronze and the tree bears clusters of large red berries. Transplants well.
